Terms and Conditions

PRICES

All Prices are F.O.B. point. We reserve the right to change prices without prior notice.

ORDERING

Purchase Orders should be sent to Friant & Associates, LLC at orders@friant.com, or faxed to (510) 535-6895. If your specifications were created with CAP, GIZA or Project Matrix, please send the worksheet (SP4) with your Purchase Order.

TERMS

Net 30 days from date of invoice. Invoices are delinquent if not paid 30 days from date of invoice. In the event timely payment is not made, interest will be charged at the rate of 1.5% per month on delinquent accounts. Buyers will also be liable for normal collection costs and attorney's fee. 50% deposit is required with every order, unless prior arrangements have been made.

ORDERS

Orders are only accepted by issuance of our formal acknowledgment, and are subject to the terms set forth herein and on our order acknowledgment. It is the responsibility of the buyer to review our acknowledgment for accuracy.

SHIPPING

Friant generally palletizes, boxes and/or shrink-wraps its products. If buyer requests additional packaging or special shipping, then it is responsible for any extra costs that result. Buyer obtains title to products and assumes the risk of loss for them upon shipment from Friant's plant.

CLAIMS

We are not responsible for damage suffered in transit. Merchandise should be inspected for possible freight damage upon delivery. The consignee should file for damage or shortages with the carrier within 5 days of delivery. You are also protected for "concealed damage" if you file claim with the carrier within 5 days of delivery. Buyer must make all claims against Friant for defects, errors or shortages in writing within 10 days after delivery. Failure to make such a claim shall constitute full acceptance.

RETURNS

No merchandise may be returned without our written consent and shipping instructions. Unauthorized returns will not be accepted and will be returned freight collect.

PARTIAL SHIPMENTS

We will make every attempt to ship orders complete and on schedule. However, we reserve the right to make partial shipments, as merchandise is ready. Invoices covering these shipments are to be paid as they become due.

ORDER CHANGE — CANCELLATIONS

Our order confirmation is final and binding. Any order change or cancellation is subject to our ability to conform. For the most up to date information, always review the order change/cancellation policy online. Allowable changes within the posted policy must be made in writing.

SHIPMENT AND PREPAID FREIGHT

Unless otherwise instructed, we reserve the option to ship by what is, in our opinion, the best possible way. Upon request, we will prepay and add freight for accounts with established credit.

DELIVERY

We are not liable for delay or failure of delivery due to strikes and/or differences with workmen, war, riot, fire, compliance with government regulations, acts of nature, failure or delays of sources of supply, or any other causes beyond our control.

STORAGE

If buyer cannot accept delivery when merchandise is ready, we reserve the right to transfer goods to storage. Costs of transfer and storage will be charged to the buyer's account, and we will deem such transfer as constituting shipment for all purposes, including invoicing, as of the date the transfer is made.

CONSTRUCTION — SPECIFICATIONS

All items are produced to price list specifications unless otherwise advised. All dimensions shown are approximate. Manufacturer reserves the right to make modifications and/or improvements without prior notice.

FABRIC APPLICATION

Standard fabric application is Non-Directional application. Certain product construction and sizes require fabric to be applied only Directionally or Non-Directionally. See individual pricebook specifications for details.

Friant & Associates is not responsible for charges associated with replacement of products due to incorrect specifications.

CUSTOMER'S OWN MATERIAL Yardage requirement is based on 66" wide plain covering material, and must be increased if less than 66" wide. Special instructions for handling material (pattern, directional fabric, right side of reversible fabric, etc.) must be submitted in writing before fabric is delivered. In the absence of special instructions, we reserve the right to use our own judgment. We reserve the right to reject any covering, which in our opinion, is unsuitable for our upholstery purposes. However, in no instance shall we be held responsible for unsatisfactory results due to use of covering unsuitable for our upholstery methods.

We will not be responsible for errors caused by buyers not supplying us with sample cuttings attached to their order giving full identification of covering material, (name of supplier, covering name, number and color) for identification purposes and advising us of model number and quantity to which each cover is to be applied.

Customer's own material that is shipped freight collect will be refused. A service charge will be applied for the return of unusable C.O.M. Contact factory.

Terms and Conditions continued..

RIGHTS AND WARRANTIES — LIMITED LIFETIME WARRANTY

This warranty is given to the initial purchaser and is valid from the date of purchase, for as long as the initial purchaser owns the product. This warranty covers defects in material and craftsmanship found during normal usage of the product during the warranty period. Normal usage is defined by 8 hour shifts in the product's intended application and in an indoor environment that conforms to the ANSI/ASHRAE Standard 55: Thermal Environmental Conditions for Human Occupancy (relating to air temperature, mean radiant temperature, air velocity, clothing insulation, metabolic rate, and humidity). Friant's warranty does not cover usage other than normal usage as defined in the previous sentence. If the product is defective, and if written notice of the defect is given to Friant & Associates within the applicable warranty period, Friant & Associates, at its option, will either repair or replace the defective product with a comparable component or product. This warranty applies to all products except as noted below.

High wear parts, such as wood veneer, fabrics, and other covering material/finishes, foam, glides, etc. are warranted for one (1) year. This warranty does not apply to damage caused by a carrier, alteration to the product not expressly authorized by Friant & Associates, nor to product considered to be of a consumable nature such as bulbs, light ballasts, etc. It also does not apply to "Customer's Own Material" (i.e. material specified by the customer that is not a standard Friant & Associates offering) used in the manufacture of Friant & Associates products.

Our warranty for LED lights is 2 years.

Friant & Associates does not warrant the matching of colors, grain or texture, except to within commercially acceptable standards.

This includes normal variations between dye lots (fabrics).

A product will not be considered defective, and Friant & Associates will not be obligated to replace it, if it is not installed in a proper manner (i.e. product not leveled, not secured properly, etc.) or if it is not used in a manner and/or in an environment that constitutes normal usage, as defined above.

Except as noted above, Friant & Associates makes no express or implied warranties to any product, and in particular makes no warranty of fitness for any particular use. At Friant & Associates' option, product repair and replacement is the customer's exclusive remedy for any and all product defects.

Friant & Associates shall not be liable for consequential, economic, or incidental damages arising from any product defect.

CALIFORNIA PROP 65 WARNING

Products in this catalog can expose you to chemicals including wood dust, which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to <https://www.p65warnings.ca.gov/products/furniture-products>.

CARB

Friant products are CARB 93120 compliant for formaldehyde (phase 2)

TSCA Title VI

Friant products are TSCA Title VI Compliant

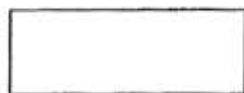

MAS

Accredited Compliance Designation - ANSI/BIFMA x7.1 & e3-2014 7.6.1, 7.6.2, 7.6.3
California Dept. Of Public Health Standard Method v1.2
Conforms With: LEED v4
Criteria of MAS Certified Green ® Program

EDGE DETAILS

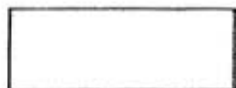

The following edge details are available on all products in this catalog. Prices in each section are based on Group Number, actual edge within each Group must be specified.

GROUP 1 - LAMINATE TOP

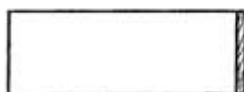

Laminate Self Edge
1 1/4" Thick

GROUP 2 - LAMINATE TOP

3mm PVC Edge
1 1/4" Thick

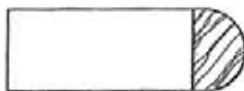

GROUP 3 - LAMINATE TOP

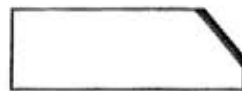

1/4" Wood Eased Edge
1 1/4" Thick

1/2" Wood Radius Edge
1 1/4" Thick

3/4" Wood Bullnose Edge
1 1/4" Thick

3/4" Black Reveal Bevel Edge
1 1/4" Thick

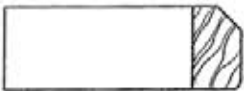

GROUP 4 - VENEER TOP

Veneer
1/4" Wood Eased Edge
1 1/4" Thick

Veneer
1/2" Wood Radius Edge
1 1/4" Thick

Veneer
3/4" Wood Bevel Edge
1 1/4" Thick

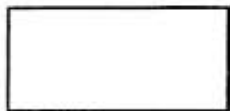

Veneer
3/4" Wood Bullnose Edge *
1 1/4" Thick

*Note: not available on all products.

EDGE DETAILS - CONFERENCE TABLES

The following edge details are available on conference tables only. Prices in each section are based on Group Number, actual edge within each Group must be specified.

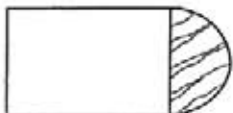

GROUP 1 - LAMINATE TOP

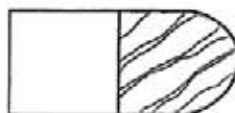

Laminate Self Edge
1 3/4" Thick

GROUP 2 - LAMINATE TOP

GROUP 3 - LAMINATE TOP

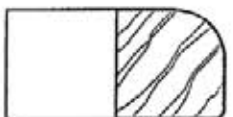

Bullnose Wood Edge
1" Wide x 1 3/4" Thick

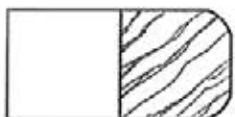

Bullnose Wood Edge
1 3/4" Wide x 1 3/4" Thick
5% upcharge

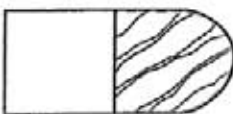

GROUP 5 - VENEER TOP

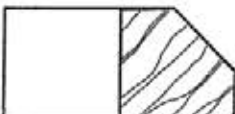

Veneer
Radius Wood Edge
1 3/4" Wide x 1 3/4" Thick

Veneer
Double Radius Wood Edge
1 3/4" Wide x 1 3/4" Thick

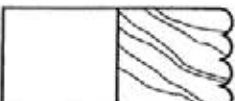

Veneer
Bullnose Wood Edge
1 3/4" Wide x 1 3/4" Thick

Veneer
Bevel Wood Edge
1 3/4" Wide x 1 3/4" Thick

Veneer
Double Radius Wood Edge
1 3/4" Wide x 1 3/4" Thick

Veneer
Beaded Wood Edge
1 3/4" Wide x 1 3/4" Thick

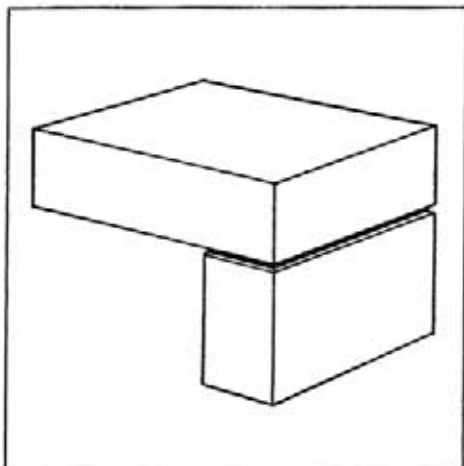

Veneer
Knife Wood Edge
1 3/4" Wide x 1 3/4" Thick

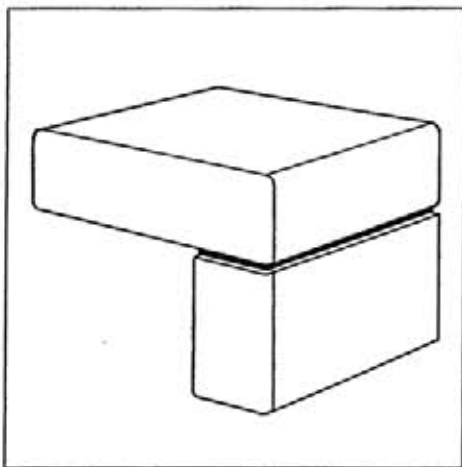

Veneer
Reverse Knife Wood Edge
1 3/4" Wide x 1 3/4" Thick

CORNER DETAILS - CASEGOODS

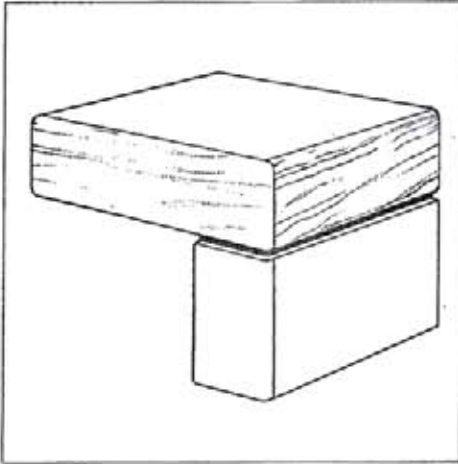

The following drawings show the corner details for each Group Number and Edge design. Top design and end panel design are identified in each drawing. On all of the series, except as noted, the end panel continues to the floor with no extra base detail. Adjustable glides complete the unit.

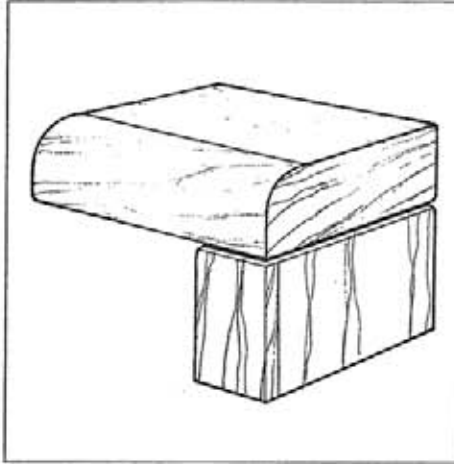

Group 1 - Laminate Self Edge Top & End Panel, 1 1/4" Thick

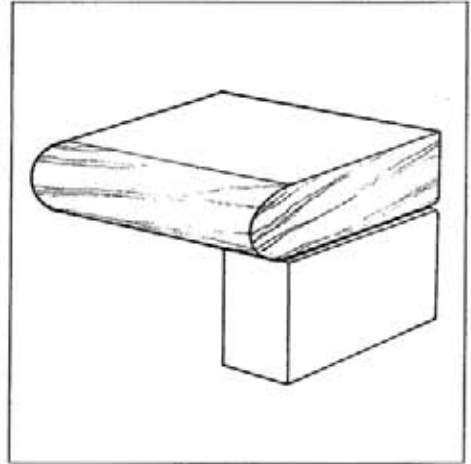

Group 2 - Laminate Top with 3mm PVC Edge & Self Edge End Panel , 1 1/4" Thick

Group 3 - Laminate Top & End Panel with 1/4" Wood Eased Edge, 1 1/4" Thick

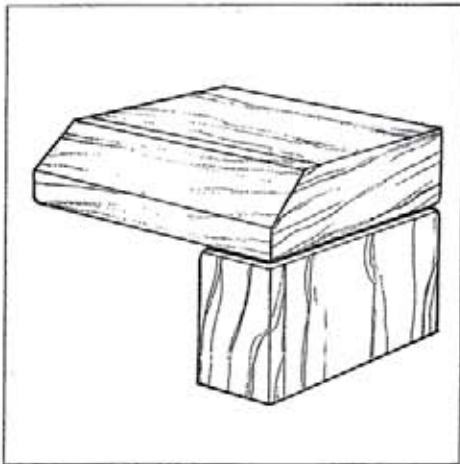

Group 3 - Laminate Top with 1/2" Wood Radius Edge & Laminate End Panel with 1/4" Wood Eased Edge, 1 1/4" Thick

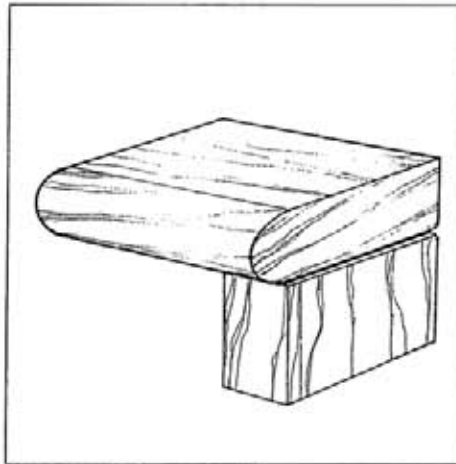

Group 3 - Laminate Top with 3/4" Wood Bullnose Edge & Self Edge End Panel, 1 1/4" Thick

Group 4 - Veneer Top & End Panel with 1/4" Wood Eased Edge, 1 1/4" Thick

Group 4 - Veneer Top with 1/2" Wood Radius Edge & Veneer End Panel with 1/4" Wood Eased Edge, 1 1/4" Thick

Group 4 - Veneer Top with 1/2" Wood Bevel Edge & Veneer End Panel with 1/4" Wood Eased Edge, 1 1/4" Thick

Group 4 - Veneer Top with 3/4" Wood Bullnose Edge & Veneer End Panel with 1/4" Wood Eased Edge, 1 1/4" Thick

PRODUCT SPECIFICATIONS

COMPONENTS OVERVIEW

The components section offers worksurfaces and supports available in a wide range of sizes and shapes. Components can be designed to meet specifications of various major O.E.M. sources (see below) for use in both new and used configurations. These worksurfaces are also suitable for generic systems use or can be adapted to fit with the systems products of other manufacturers. Also, because pedestals and modesty panels are available, full freestanding units can be built from the components found here.

When specifying components please use the following O.E.M. Manufacturer Codes: H.W. - Haworth; H.M. - Herman Miller; A.S. - AllSteel; S.C. - Steelcase; H.N. - Hon and T.N. - Teknion. (Company names are registered trademarks and are not associated with Friant.) These parts are authorized only by Friant and originate with Friant. Specifications are subject to change without notice.

Worksurfaces and supports can be made compatible with any other furniture system. Simply state manufacturer to be matched.

For orders of 50 or more worksurfaces, call the factory for pricing. Custom sizes and shapes are available. Contact the factory for assistance.

SPECIFICATIONS

LAMINATE SPECIFICATIONS & FINISHES

Friant uses 45lb density 1-1/8" industrial grade particle board. Our horizontal worksurfaces are finished with high pressure laminate on top and high pressure backing sheet on bottom. Particle board build-up is applied to increase thickness of tops when necessary.

Friant offers solid and woodgrain laminates with a "textured" finish by Wilsonart, Nevamar, Formica, and Pionite. Most colors and patterns are standard. Please consult factory to verify availability.

"Gloss" laminates have a high sheen, glass-like finish that is very susceptible to scratching. Gloss finishes require more expensive material and additional labor costs. Please consult factory for further information.

Laminates by other manufacturers are available and may be subject to additional costs. Call the factory for more information.

Note: Because Friant does not manufacture the high pressure laminates used in our products, we are subject to product modifications and price increases by the laminate manufacturer.

VENEER SPECIFICATIONS & FINISHES

Friant's standard veneers and solid hardwoods are White Oak, Walnut, Cherry and Maple. Other veneers, such as Rift Oak, Ribbon Mahogany, Birdseye, or special woodgrains are also available. Call the factory for pricing.

Please call the factory for information on special wood stains and finishes.

PRODUCT SPECIFICATIONS

SPECIFICATIONS, continued

DRAWER SPECIFICATIONS

Drawer bodies consist of ½" particle board core with black vinyl surface and mitre fold construction. As an option, maple hardwood with dowel construction and a clear lacquer finish is available.

Veneer and laminate wood grain drawer faces are vertically matched, individually and across desks and credenzas.

Box Drawers:

- 3½" inside height x 15⅞", 21", or 25⅞" deep (depending on overall depth of pedestal).
- Equipped with Accuride suspensions.
- Adjustable drawer divider included.
- Pencil tray included in top box drawer.

File Drawers:

- 9" inside height x 15⅞", 21", or 25⅞" deep (depending on overall depth of pedestal).
- Pedestals are letter size with 12¼" inside width.
- Side-to-side pendaflex filing is standard, front-to-back filing is available. Call factory for pricing.

Lateral Files:

- All lateral file drawers have 15⅞" inside depth, no matter the overall depth of file.
- Pendaflex filing

KEYBOARD MECHANISMS

Standard Adjustable Keyboard Arm:

Weber Knapp Micro Arm #14915

ClickIt Adjustable Keyboard Arm:

ClickIt is the latest "intuitive" keyboard arm, one hand...one motion raises it to working height. No knobs or levers to release, nothing in the kneespace to tear your clothes or bang your knees. ClickIt offers over 10" of vertical adjustment, putting you into compliance with the newest ANSI/HFS-100 specifications. ClickIt's tray adjusts for positive/negative tilt, to help keep the wrists straight, and can be shifted left/right of center to keep the user centered on the arm for unparalleled stability. ClickIt is spring-assisted: it feels light as a feather in your hand and never drops into your lap.

- Height: 10.3"
- Tilt: ±15° (will become ±10°)
- Lateral: 4" (will become 5")
- Fully retracts on track as short as 18"

KEY LOCKS/ CORES

Casegoods locking storage uses the LAM3 series locks.

LAM3 locks are available. They are sold separately through the Willow catalog.

Please see Willow Pricebook for part numbers and pricing.

CUSTOMS

All custom work is welcomed. Please call the factory.

GROMMET LOCATIONS

LEGEND

Refer to the illustrations at left for all standard grommet locations.

A 3" round grommet with cover is standard.
GC is standard location unless otherwise specified.

Specify positioning as follows:

Common Combinations

- G1 Pair of grommets at locations GL and GR
- G2 Pair of grommets at locations GL and GC
- G3 Pair of grommets at locations GC and GR
- G4 Pair of grommets at locations GX and GY
- G5 Three grommets at locations GL, GC and GR

Code Position

Code	Position
GL	4" from left side - 4" from rear
GR	4" from right side - 4" from rear
GC	Centered side to side - 4" from rear
GX	Centered between GL and GC positions - 4" from rear
GY	Centered between GC and GR positions - 4" from rear
GM	12" from each side
GE	Centered front to back - 4" from side

Dimensions are measured from grommet center to top edge.

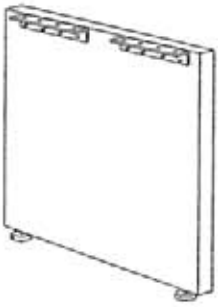

Note: For other grommet locations call factory for pricing.

Standard grommet finishes are: black, dark grey, light grey, and beige.

WORKSURFACE SUPPORT PANELS

MODEL NUMBER	SIZE D x H	WT.	OPTIONS		
			BLACK	LAMINATE	VENEER

FULL LEG

WSP 2029	20 x 27¾	19	90	145	265
WSP 2429	24 x 27¾	23	100	165	265
WSP 3029	30 x 27¾	29	115	175	275
WSP 3629	36 x 27¾	33	130	195	300

These supports are used to create a freestanding unit. Use support panels at ends of worksurfaces or where they connect. When support panels are used where two worksurfaces connect, a mending plate is required.
